

WEDDED FEW YEARS.

London, March 21.—The Duke and Duchess of Cornwall and York, who were married in 1906, will be celebrating their wedding anniversary. The Duchess is a daughter of the late Queen Victoria and aunt of King George. Her husband, the Duke of Cornwall, who at that time had not succeeded to his present title, took Prince Albert's name in St. George's Church, Windsor, in 1906. The Duke and Duchess are in Canada, where the Marquis of Lorne served as Governor-General.

MEXICAN INSURGENTS WILL SHOOT PRISONERS TAXEN ON BATTLEFIELD

AT CASAS GRANDES THEY KILLED AMERICAN NON-COMBATANTS—DIAZ'S LEADERS WILL SHOW NO MERCY TO AMERICANS CAPTURED.

Douglas, Ariz., March 21.—Gen. Blanco, the rebel leader, by delaying too long his final attack on Aguaprieta, apparently has lost his opportunity. The Mexican government by a ruse in allowing the capture of the supposed official mail, deceived the insurgents' chieftains into delaying federal reinforcements from Nacozari to reach the city and join the garrison.

The detachments of federal troops which reached Agua Prieta today is the force which recaptured Sahuaripa and slaughtered the rebels under Gamalera killing 150 men in the houses and streets of the city.

Gen. Blanco is alleged to have said in camp today that since the government has decided to shoot prisoners on the field he would do the same thing hereafter. It is now certain that Blanco is acting in conjunction with Madroño.

All the government mail was taken from the train held up by Blanco seven miles south of Douglas yesterday. Some of Blanco's men succeeded in getting into Douglas last night and this mail was addressed to Madroño in the hands of the town.

For Constipation

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Buxal, which is, odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Buxal is not only a powerful laxative, but is also a powerful cathartic and is suitable for its use in the treatment of the palate and gentleness of action.

Unlike other preparations for a like purpose, they do not create a habit, but instead they remove the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh pills, and permanently remove the cause of constipation or irregular bowels.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 50c. Sold only at our store.—The Rexal Store, A. Archibald.

new envelopes and deposited in the U. S. postoffice.

Using Dynamite Bombs

Blanco's forces have been supplied with dynamite bombs, formed of pipes with steel pipes in the ends and with fuses attached. Each company carries one bomb.

The American commander of the 26 rebels who joined Blanco's forces at Aguaprieta claim that he can directly from Casas Grandes and was present at the battle there. He claims that Madroño gained a final victory; that Madroño's brother was wounded slightly in the wrist but that Madroño was uninjured.

Americans Killed
He states further that the rebels turned a cannon and machine gun on four houses, occupied by American families where American non-combatants had taken refuge and bombarded these until the occupants were killed.

Insurgents Surround Ojinaga
Presidio, Texas. (Via Mariat, Texas), March 17.—The insurgent army under Gen. Carrizosa has surrounded Ojinaga and a long range battle has been in progress since Sunday noon. Gen. Carrizosa has demanded the surrender of the town.

Diaz Will Move Shortly

El Paso, March 17.—Interest in Mexican insurrection activity yesterday again centered in the districts of Juarez. Actuated by a report that within the next three weeks the Diaz government plans to open up the railroads in the city of Chihuahua, and to institute an aggressive campaign, not only about the city, but in the country, Madroño's force of 1000 insurgents has begun a 150-mile march from Casas Grandes towards Juarez.

Gen. Carrizosa, an American, with a small band, who is credited with having destroyed the greater part of 45 miles of the Mexican National railway, is still known to be within a short distance of the city.

Madroño's start towards Juarez has caused a great deal of concern. The news caused little anxiety in Juarez, although it was pointed out by insurance leaders here that only a small force of federal troops are in the city. Gen. Navarro is in command with about 500 men.

Col. Garcia Cuella, former chief of President Diaz's staff, is at Casas Grandes, shot in the arm. He has 600 men and several machine guns which formerly were used for the defence of Juarez.

Col. Kabaga with a force of 700 federalists left here today to repair the Mexican National railway, and is supposed to be near Chihuahua City cut off by Carrizosa's destruction of the railroad network.

It is further pointed out that federal troops would have to be brought to Juarez by foot, while most of Madroño's men are mounted.

Word was received today that a decisive action may be expected of the Diaz government within the next three weeks and that the action would originate in Mexico City. Resumption of operations on portions of the railroads in the states of Sonora and Chihuahua would start in a short time.

Send Money for Americans

New York, March 17.—What may be considered in effect the official Mexican reply to recent presentations to have been made by the United States asking for American treatment as hostages for Americans caught bearing arms on Mexican territory is contained in a statement made here yesterday afternoon by Jose Yves Limantour, Mexican minister of finance. In substance, it indicated that captured American allies of the revolutionists would have to take their chances with their Mexican rebel companions. The statement is strong that no preferential treatment can be accorded them. This is considered to mean that under martial law, they might be summarily tried and executed.

Mr. Limantour said: "I am firmly convinced that, except for the sym-

bolism of the revolutionists, the only way to save the lives of the Americans is to pay a ransom for them."

He added that the only way to save the lives of the Americans is to pay a ransom for them.

Could Not Walk Ten Yards Without Resting.

WEAK HEART WAS THE CAUSE.

Mrs. Robinson Collette, Roseville, N.B., writes: "I am now enjoying the best of health after having used your Milburn's Heart and Nerve Pills. I was troubled with a weak heart and was afraid to draw a long breath for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I am now strong and healthy, and I can recommend them to all sufferers."

Thousands of people go about their daily work on the verge of death and yet do not know it. Little attention is paid to the slight weakness of the heart for the simple reason that one thinks it will right itself, but there is where the mistake is made. It is only when a violent shock comes that the weakness of the heart becomes apparent.

On the first sign of any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a quick and permanent cure.

Price 50 cents per box, or 3 for \$1.25, at all dealers or mailed direct on receipt of price by T. Milburn Co., Limited, Toronto, Ont.

pathy, financial support, and actual participation in conflicts of Americans. The insurrection in Chihuahua and Sonora could not long continue. Almost daily on roads of the past taken by Americans in that insurrection and they are the only known leaders except Madroño. This morning dispatches report that a young American, a former broker in New York, so it is claimed, is leading a band of desperadoes along the lines of the National Railway of Mexico and the Mexican Northwestern railway towards Juarez, and that the band has torn up additional stretches of track on those roads.

Increasing American Patrol

Washington, D. C., March 17.—The present patrol of the American frontier border will be increased in a few days by several troops of cavalry from the mounted forces, now being assembled in the southern states. It is announced at the war department that six or seven troops of cavalry men will be added to the patrol of the Rio Grande in order to prevent the smuggling of munitions of war to the revolutionists. In making the announcement the officials of the war department emphatically declared that none of the federal troops are in the city. Gen. Navarro is in command with about 500 men.

Col. Garcia Cuella, former chief of President Diaz's staff, is at Casas Grandes, shot in the arm. He has 600 men and several machine guns which formerly were used for the defence of Juarez.

Col. Kabaga with a force of 700 federalists left here today to repair the Mexican National railway, and is supposed to be near Chihuahua City cut off by Carrizosa's destruction of the railroad network.

and San Diego would be dispatched to the border.

The increase in the patrol of the Mexican frontier line will be made by the war department at the request of Brigadier-General Duncan, commanding the department of Texas. Previous to the receipt of this request, the department has not intended to augment the southern patrol.

There are already stretched along the frontier three regiments of Cavalry, one regiment of infantry and two companies of the signal corps. In view of the great extent of the boundary line, over 1500 miles in length, the patrol of the frontier is a mammoth task.

Constant reports are reaching Washington of the smuggling of arms and ammunition across the river, and it is the intention of the government to stop this practice.

THE KING OF HOT SMASHED

The venerable Earl of Wemyss and March has entered upon his 93rd year and in spite of his age his lordship is still wonderfully hale and active. He is noted for his versatility. He has been a first-rate sportsman, and is a clever painter and sculptor.

Lord Wemyss can claim the unique distinction of being the only man who ever struck the lion King. Many years ago, during a heated debate in the House of Lords, the earl was emphasizing his words by waving one of his arms, when all of a sudden he inadvertently brought down his fist on the tail of a gentleman sitting in front of him.

The owner of the tail happened to be the then Prince of Wales who took the affair in very good part, and smilingly changed his seat.

TOO MAGNETIC

"I'm sorry to have to bring this water to you for the third time this month," apologized the man with the trimmed overcoat, "but it has become magnetized again."

"You ought to take something for your blood," grumbled the watch repairer, "there's too much iron in it."

Chicago Tribune.

WHAT DID HE THINK?

"X" heldler, whose name was John Xophon heldler, or something very much like that, but who always was called "X," and who was one of the famous Montana pioneers as well as a vigilante, was out on the plains one day with Livestocking Johnson, another well-known Montana character, when they were chased by a band of Indians.

Johnson had a better horse than "X" and was soon ahead. He turned several times and urged heldler to hurry up.

"Hurry up, 'X,'" he yelled. "Get a move on."

"Hold-on, you Johnson!" shouted heldler as he spurred his horse. "Do you think I'm trying to lose this race?"—Philadelphia Record.

A JOURNALIST'S "COPY."

The late Mr. Levy of The London Telegraph once asked G. A. Sala if he had any objection to his copy being edited in the office. "Mr. Levy," he replied, "I am like a butcher. I sell you so much meat. To me it is a matter of profound indifference whether you serve it fried, boiled or roasted."—Recollections of Mrs. T. P. O'Connor.

Are YOU preparing for SPRING CLEANING?
WE are ready in every department to supply your needs.

GREAT PRIZE CONTEST

At the beginning of this year, we perfected a plan with our manufacturers, by which they are to help us in advertising the instruments we handle, and to enlarge our business by extending operations throughout the entire Province of Alberta.

Our ambition is to do a large volume of business, with the least possible expense, and to make THE MASTERS PIANO CO. a household word throughout our territory. With this object in view, we have placed an order for the largest number of Pianos ever given by any one firm in Western Canada, and have decided to dispense with the usual newspaper publicity, and give our customers the direct benefit of a large advertising fund, which will be of Special Interest to every person in need of a Piano, who reads this advertisement.

CAN YOU SOLVE THIS REBUS?

SEND YOUR ANSWER AT ONCE GET DUEY. DO IT NOW

CONTEST OPEN TO EVERYONE FREE

Read the Conditions Carefully

To the first five persons who send in the correct, or nearest correct reading of the above rebus, we will issue a due bill for \$125, good to apply at face value on any New Piano in our stock. To each of the next ten whose reply is the nearest correct, we will issue a due bill for \$115. To each of the next twenty-five a due bill for \$100. To each of the next twenty-five a due bill for \$75, and to each of the next twenty-five a due bill for \$50, and to each of the next twenty-five a due bill for \$25 will be issued. These due bills will be accepted as so much paid on any new piano in our stock. The balance can be arranged for on easy payment plan if required.

PROGRESS IS OUR MOTTO, AND IT APPLIES TO BUYING AS WELL AS SELLING

NO PERSON OR FAMILY WILL BE PERMITTED TO SUBMIT MORE THAN ONE REPLY

With our increased facilities, and with a stock of Pianos superior in quality, and magnitude to anything in Alberta, and second to none in Canada, we are in a position to serve our customers better than ever before. HENCE THIS IS THE APPOINTED TIME TO BUY YOUR PIANO.

CONTEST WILL CLOSE THURSDAY, MARCH 30TH. All replies must reach our store by that time. Be sure and write your Name and Address plainly.

COUNCIL TO ASK FOR EXTENSION OF TIME

IF GRANTED BY DOMINION GOVERNMENT RATEPAYERS WILL BE ASKED TO DECIDE WHETHER CITY SHOULD INSTALL PLANT AT ROCK RAPIDS—QUESTION DISCUSSED AT SPECIAL MEETING LAST NIGHT

If an extension can be obtained of the time within which the city must accept or reject the terms of the contract submitted by the Dominion Government respecting the development of power on the Athabasca river, the deciding voice in this question will be that of the burgesses of Edmonton, who will be asked to vote upon a by-law to raise the necessary money for the construction of a hydro-electric plant at Grand Rapids.

After receiving details of the offer of the Violette interests at a special meeting of the council last evening, it was decided to take this course, and a request will be forwarded to the Dominion Government for an extension of time. If this is granted, detailed figures as to the cost of a plant will be obtained from John S. Fielding, by whom the survey of the Rapids was made, and a by-law submitted, based on the plans and specifications prepared by him, will be submitted to popular vote.

Engineer Neville, the expert who surveyed the Grand Rapids site last fall in behalf of the interests which Mr. Violette represents, laid two concrete propositions before the council last evening, either of which would give the city cheaper power than could be obtained from the Saskatchewan under the terms of the Edmonton Heat and Power Co.'s proposals.

In the event of the company building both plant and transmission line, and supplying power at the city terminal, the transmission to the voltage necessary for transmission to the consumer, the Violette interests will sell a minimum of 10,000 horse power per annum for \$24.85 per horse power per annum, 20,000 horse power for \$18 per horse power, and 30,000 for \$15 per horse power. If the city build the transmission line, the company will supply them power at the Grand Rapids terminal at \$15 per horse power if 10,000 is consumed, \$12 per horse power when 20,000 is consumed, and \$10 per horse power if when a minimum consumption of 30,000 is attained. The company requires a guarantee that the city will purchase 10,000 horse power at the end of five years. It will require between four and five years to complete the construction of the plant.

Plant Would Cost \$4,000,000.
In addressing the council last evening on the details of the company's proposition, Mr. Neville stated that the interests by whom he is employed had other plans for disposing of power at Athabasca river, over and above the power used by the city. The company has an understanding with the Department of the Interior that if the city did not take up the Athabasca scheme, Mr. Violette should have the next opportunity to acquire power rights. If the city does enter into a contract to develop Athabasca power, the balance of the power which might be developed over and above the city's maximum of 60,000 horse power may be developed by the company. Mr. Neville estimated that the plant would cost \$4,000,000 and transmission line \$800,000.

Ald. Hyndman: "What security will you give us that the plant will be constructed by you?"
Mr. Bishop (appearing for the company): "The conditions in the water power leases are very heavy, in the first place, and we must conform to these, and in the second place, if you will appoint a committee of the council, we believe we could convince you that there are parties behind the scheme who are prepared to carry it through. I believe we have assurances from the Government that if the city don't develop power at Grand Rapids, we get it, and before we get it we must submit to the same terms as those to which the city would have to submit."
"The most satisfactory basis on which power might be purchased, according to the Mayor, Ald. McKinley

and others who spoke on this question, would be that of actual power consumed. When the city comes to use 10,000 horse power as its maximum load, it will be only during a brief period each day that this amount would be consumed, and power nominally at \$25 might actually cost the city \$80 per horse power. The city would have to pay for 10,000 horse power when during the greater part of each day, the load would be perhaps only 5,000 horse power."

Ald. Hyndman: "I think the company should take the same chances as the city in regard to the possibility of 10,000 horse power being required in five years' time."

In the course of discussion Mr. Bishop stated that the company had made arrangements to survey the site at Grand Rapids, two months before the city decided to send Engineer Fielding to the site. They had not jumped at the last moment, as someone has reported, but had formed their plans before the city had reached any decision in regard to a survey of the site. The company's representatives had placed their application in Mr. Oliver's hands prior to the application of the city, but the Minister had held them back simply because he had heard that Ed-Edmonton was about to apply for power rights. The company now had second chance if the city abandoned the project.

After Messrs. Violette, Bishop and Neville, the three representatives of the company, had withdrawn from the council chamber the power question was considered in committee of the whole. Ald. Hyndman declared that any company which developed power at Athabasca Landing would be "financing on the credit of the city of Edmonton." They could not get five cents of their capital subscribed unless Edmonton could be relied upon as a consumer. "I think we should give the people a chance to say whether they want a plant owned by the municipality," said Ald. Hyndman.

Mayor Armstrong: "By the time that we are in a position to consume 10,000 horse power, I believe Edmonton will have a population of 75,000 people. If we don't have that population, however, and are still bound to this company to purchase 10,000 horse power from them, we shall still have to pay interest on the total investment."

Mayor Armstrong thought the opportunity which has presented itself for the city to develop power at Grand Rapids, was "the best thing we ever got hold of."

It was the general opinion of the aldermen present, Ald. Hyndman expressing the view that "if Edmonton could not use all the power, it might supply the towns along the C.N.R." "We shall see the day," he declared, "when the houses and barns of our farmers will be lit by electricity. I feel we ought to take this proposition up."

Ald. Mould pointed out that if the cost of the Grand Rapids scheme be \$4,000,000 (Mr. Fielding's estimate), and the proposed Saskatchewan river plant could be obtained for \$2,000,000, the latter might be more advantageous to the city.

It was then decided to pass a motion this evening, asking the Dominion Government to give the city time to submit a by-law to the people, before losing the period during which the contract may be considered.

Electric Restorer for Men

TRUSKETT UP FOR TRIAL.

Independence, Kas., Mar. 21.—The case of Al. O. Truskett, charged with the murder of J. D. S. Neely, president of the Wichita Pipe Line Company and head of a trust company and other enterprises in his home city of Lima, Ohio, was called in court today for trial. Truskett shot and killed Neely in the Palace Hotel at Casco, this country, on the morning of January 7 last. The shooting was the result of an altercation over an oil lease between Truskett and the pipe line company of which Neely was president.

TENDERS FOR PLASTERING MATERIAL AND BRICK.

Separate sealed tenders, addressed to John Stocks, Deputy Minister of Public Works, Edmonton, registered and endorsed, "Tenders for Plastering Material" and "Tenders for Brick" will be received up to 12 o'clock noon, Saturday, March 25th, 1911, for the supply and delivery of—
(a) Plastering Material.
(b) Brick.

required in connection with the new Parliament Buildings, Edmonton. Specifications, forms of tender and full particulars may be had at the Engineer's office, Department of Public Works, Edmonton.

Each tender must be accompanied by a marked cheque made payable to the Minister of Public Works for the amounts as set forth in the respective specifications.

The cheques of unsuccessful bidders will be returned within six days after contracts are awarded, and the cheques of the successful bidders will be retained until the contracts are completed.

The right is reserved to reject any or all bids or to waive any defects.
JOHN STOCKS,
Deputy Minister of Public Works,
Edmonton,
This 14 day of March, 1911.

LORD MINTO ON RULE IN INDIA

Ex-Viceroy Speaks of His Five Years' Service—The Growing Discontent.

London, Mar. 21.—Lord Minto, the ex-Viceroy of India, was presented with the Freedom of the City of London at the Guildhall in the presence of a distinguished company.
In making the presentation, Sir Joseph Blandine, the City Chamberlain, stated that Lord Minto's life had been a continuous succession of honorable service. On the one hand he had shown courage, tact, and judgment, while on the other he held the loyalty, confidence and esteem of his fellow subjects in India for their feelings and views, both in religion and social life.

After acknowledging the honor that had been conferred upon him, Lord Minto remarked that from various causes the five years he served in India were exceptional years in the history of the dependency, and years of great strain and trial for ministers. Before he had been many months in India it became evident to him that they would before long be confronted with an accumulated mass of popular discontent, which many loyal Indians believed to be due to disregard on our part of their just hopes. If this discontent had been allowed to continue it would have undoubtedly have developed into a far more dangerous hostility than anything with which they subsequently had to deal, in that it was the conviction of honest, loyal, and moderate men. So far as they could judge the character of the discontent, it was due to a dawning belief that greater opportunities must be granted for the official expression of Indian public opinion, and that a greater share must be offered to Indians in the government of their country. The growth of public opinion was hastened and nurtured by the success of Japan, which produced an enormous impression in the East.

They were very soon confronted also with an agitation of a far more dangerous character. Certain rumors which occurred gave the due to a widespread conspiracy having as its object the removal of British officials by assassination, and the ultimate disappearance of British rule from India. The leaders of that agitation must have had very little knowledge of the stuff of which British officials were made, by force of circumstances the Government of India was called upon to follow a dual line of action—to recognize the necessity of administrative reforms, and at the same time to put its foot down sternly on every form of political sedition.

It was a dual action, and as such it was, perhaps, not unnaturally, somewhat misunderstood at home. At the same time it was his firm belief that the Government of India today was fairly entitled to claim that the quiet which now reigned in India was due to the policy that was then adopted. It was a period naturally of very great anxieties—anxieties immensely increased by the misguided actions of individuals in this country, who did not hesitate to sympathize with the worst and most dangerous revolutionary agitators in India, whilst plots were deliberately hatched in London and in Paris for the assassination of the viceroy of the King, which the people of India looked upon with the same disgust and contempt as did the King's officers themselves.

He would like to speak for a moment of the position as it was affected by the enlarged councils. He thought they marked a new era in which he firmly believed the Government of India in India would gain in strength, in response to the sympathies and support he obtained from Indians. It was an era also in which the relations of the Indian Government with the central power at home would have to be directed with a very light hand. The Government of India was subservient to the Secretary of State as regarded the recognition of all great political principles and the inauguration of all broad lines of policy, but the Indian administration could, in his opinion, only be safely carried on by men who, after years of trial and experience, had gained an insight into the complex and mysterious surroundings of the people who were given in their charge.

India could not safely be governed from home. Any attempt to do so in these days of rapid communication—when collision between political parties in India and at home was not difficult, and when influence might be brought to bear on the Government in India to which it ought never to be exposed—could only end in disaster.

India could not safely be governed from home. Any attempt to do so in these days of rapid communication—when collision between political parties in India and at home was not difficult, and when influence might be brought to bear on the Government in India to which it ought never to be exposed—could only end in disaster.

OBITUARY.

Berkeley Bishopric, aged 28, son of O. Bishopric, 539 Fourteenth street, died very suddenly of scarlet fever at the Isolation Hospital at 10 o'clock this morning, after an illness of only six days. The funeral will be held from McGowan's undertaking establishment tomorrow afternoon at 2 o'clock.

"Ber" Bishopric, as he was familiarly known among his friends and companions in the city, was so well known and so much a general favorite among the younger men of the city that the news of his death will come as a distinct shock to hundreds.

"Ber" was a native of York County, Ontario, and has been a resident of Edmonton since his early youth, having been identified with the life of the city and with every popular movement among the young men and in athletic circles for several years. He has been for the past four or five years engaged in the real estate business and had shown great promise as a business man.

INVESTIGATION OF FERRER TRIAL.

Madrid, March 21.—The Government today began its official investigation into the trial of Professor Francisco Ferrer. Professor Ferrer, who was one of the leading spirits among Spanish socialists, was convicted at Barcelona on charges of revolutionary activity and executed Oct. 13, 1909. The execution aroused a storm of indignation among Socialists the world over and charges were made that Ferrer's trial was conducted unfairly. The protests were taken up by the opposition in the Cortes and the Government was finally forced to yield to the demands for an investigation.

SPEED KINGS MEET
ON ATLANTIC BEACH

LONG LIST OF RACING EVENTS AND ATTEMPTS TO LOWER EXISTING RECORDS AT ATLANTIC PABLO BEACH—PRESENT RECORDS WHICH HAVE STOOD ATTACKS OF ALL COMERS FOR MANY YEARS.

Sanction for the speed meet on the Florida beach at Jacksonville, has been received from the A.A.A. racing board. Racing will commence on March 27, and will last four days. According to present plans the first day's programme will include record trials for the kilometre and half mile distances. A free-for-all class, flying start; a five-mile free-for-all open; a twenty-mile free-for-all handicap; a race over a course of 100 miles for cars of 500 cubic inches and under, and a one-hour race with four trophies provided for competition will be the events on the first day.

A one-mile flying start event will open the second day's racing, the prize for which is \$1,000 in cash and the speed king's crown provided the beach record is lowered. The other events will be: Ten mile races for the free-for-all class, and in class B for the 231 to 300 and 301-450 inch class. The third of this class will be the events for 161-230 class B, a ten-mile free-for-all handicap and a five-mile open, class C, 231-300.

Record trials for the mile with standing start and other events for the various classes will make up the

programme on the third day at distances from one to twenty miles. The last day of the meet will be devoted to record trials for two miles in a minute, together with five and ten mile events and a long distance race for cars of the 600 inch class for between 200 and 300 miles, the distance to be determined according to the conditions of the beach on that date. A cash prize of \$1,000 is provided for this event.

All sorts of rumors are afloat as to the cars that will be entered and it is expected that the record established by Barney Oldfield and his "Blitzen Benz" for the kilometre, mile and two miles will be lowered. Oldfield will not be able to take part in any even as his suspension has not been lifted by the racing board.

Murdoch, Russell Ender, Chas. Creelock, J. Bagley, James Hill, E. Tuplin, E. Agar, G. Logan, P. Farney, C. Miller, C. Buchanan. The programme will commence at 8 o'clock sharp and it is a lengthy one, competitors are requested to be on hand in good time for the first event.

EDMONTON IS
AWARDED SCHAFER

Secretary Farrell Informs Craft First Baseman That He Must Play Here Instead of Brandon.

By an order of Secretary J. H. Farrell, Bugs Schaffer, first baseman, has been awarded to Edmonton, pursuant to an agreement he signed with Deacon White in January.

Schaffer accepted terms with the Deacons in January, which were to hold good if Saskatoon did not get a team. Morrow, of Brandon, proceeded to get Schaffer's position in Brandon, and annex him for the Angels. Deacon White immediately wired Secretary Farrell with the result that Farrell has written Schaffer, to the effect that his services belong to Edmonton.

Two local ball players may be tried out with the team this spring. These are J. A. Tremblay, pitcher from a Chicago college team, and Harry Strong, who hails from Boston.

The Deacons has signed a number of likely-looking recruits including Harry Keene, the college pitcher from the University of Oregon.

PLAYERS ENTITLED
TO COMMISSION

National Commission Favors a Change in The Rule For Signing Contracts.

Cincinnati, O., Mar. 21.—The National Baseball Commission has issued a notice to the baseball world that it intends to adopt a new rule to make it necessary for all players playing under the national agreement to sign their contracts before February 1st, instead of March 1st, as the rules of the National Commission now prescribe.

At various times, according to the commission's statement in this notice, it has been asked to rule upon section one of article seven of the national "failure of a club to tender a contract to a player by March 1st shall operate as a release."

The commission then says that it finds that a contract must leave the city in which the club is located on or before the first of March, and suggests that this always be done by registered mail. The notice then says that the commission think it wise to have the rules changed, so that clubs under the national agreement shall submit their contracts to their men on or before February 1st instead of March 1st.

"We believe it only fair to all players operating under the national agreement that they should fully know their exact standing in organized baseball

DORMATS ARE STILL
LEAGUE LEADERS

Have no Difficulty in Defeating the Wanderers by Score of 49-23.

The Wanderers failed to make good their promise to down the Dormats in the big three game pulled off at the Y. M. C. A. last evening. Watts' shoot was the chief feature of the game, scoring no less than ten baskets from the field. The final score was 49-23 in favor of the Dormats. The teams lined up as follows:

Wanderers—Freeman, Ballantyne, Cornack, Cranston and Ash.
Dormats—Watt, Dunham, Dunham, Heferes—Grobb and Valentine.

Clark, and Britton.

VIRGINIA STATE LEAGUE MEETING.

Richmond, Va., March 21.—Officials and club owners of the Virginia State baseball league met at the Richmond today to adopt a schedule and complete other arrangements for the season. The circuit this year will be the same as at the close of last season, comprising Lynchburg, Petersburg, Richmond, Roanoke, Danville and Norfolk. It has been decided to open the season on April 29.

NEWARK INDIANS
TO TRAIN AT HOME

Del Mason, Former Toronto Pitcher, Wants a Trial—Hill Also a Possibility.

Newark, Mar. 21.—Manager Jos. McGinnity, of the Newark Cubs at home, decided to have all his Redskins assemble at Lakewood on Monday, March 27. While the leader of the Braves has had this date in mind for several weeks, it was not until to-day that it was definitely decided upon. Transportation was sent out to the members of the Indians to-day. Most of the members of the club who live in the West and West, including Lee, Flater, Kelly, Leitch, Meyer and McGinnity, the new men, will be given the option of going to Lakewood first or first coming to this city and leaving from here with the manager.

A season pass for the games to be played by the Chicago Cubs at home was received by McGinnity in this morning's mail. Accompanying the pass was a personal letter from President Charles Murphy, of the Windy City organization. Murphy wished McGinnity every success and hoped that the "Iron Man" would succeed in piloting the Indians to victory in the pennant fight.

Mason Wants Trial.

Del Mason, who is coaching the baseball team of Rollins College, Winter Park, Fla., has written to Manager McGinnity. Mason believes that his arm will be as strong as ever this season, and may ask for a trial with the Indians. Del met Walter Burnham, former owner of the Newark club, in Florida, and had a long chat with the manager. It is rumored that Burnham intends to purchase a baseball franchise in the South.

Hall May Become an Indian.

Bob Hall, who played with the Baltimore Orioles last season, may be a member of the Newark Indians this season. Hall wired Manager J. H. McGinnity, of the Braves, yesterday that he would go through this city, and asked that the "Iron Man" be permitted to give Hall permission to do business with Larry Schaff. The Beech City banker can now buy Hall and turn him over to McGinnity. Schaff will receive, in return, his release, and will then be able to play with his Troy team. Hall wants to play in Newark and after leaving McGinnity he telegraphed to Schaff asking the latter to let him play with the Indians. McGinnity, a price. Hall was slated to go to the St. Louis club of the American Association, but the deal was called off yesterday by Manager Mike Kelly, of that organization.

MARS CASSIDY'S SERVICE
NOT REQUIRED IN N.Y.

INDICATION THAT THERE WILL NOT BE ANY RACING IN THE EMPIRE STATE THIS SUMMER—JOCKEY GUY BURNS DID NOT RECEIVE A LICENSE.

New York, Mar. 21.—The question of running races on the metropolitan tracks this summer still lies in the balance, according to an indicative item of routine business at last night's meeting of the stewards of the Jockey Club.

By vote of the stewards the secretary was instructed to advise Mars Cassidy, one of the best-known starters of the circuit, that, "pending uncertain conditions, the stewards could not give him a definite answer" at this time and he was therefore released from any obligations.

At the request of the Jamestown

ACROSS AFRICA
WITH BICYCLES

Two Officials Make An Interesting Trip—Travelled More Than 6,000 Miles.

London, Mar. 21.—An interesting bicycle and walking tour was made lately in Central Africa by Messrs. F. H. Meland and E. N. Chomley, of the Chartered Company's service. The two men, who are the only known cases of African native women taking the veil. The travellers reached the Victoria Nile in September, and travelled to Entebbe. At Mubendi, to the south-east of Lake Albert, they again mounted their bicycles. The travellers made a detour to the west through very little known country. In the Dugoma Forest the tropical growth was so dense that there was a continual of perpetual twilight, and it was only possible to read, with difficulty even at midday. Herds of elephants, numbering as many as 200, were encountered, and a giant forest hog measuring 3 feet 9 inches at the shoulder was seen.

After leaving Rhodesia they struck into the German Protectorate, where they spent a period of six weeks. In many of the districts traversed the appearance of the cyclist caused considerable excitement, particularly among those tribes who had scarcely come into contact with Europeans.

After crossing the Anglo-German boundary Messrs. Meland and Chomley struck southeast to Maseru in order to visit Tukuwa lake, which has been known outlet. This sheet of water lies at the bottom of a deep escarpment, the recent to which, being effect of a gradient of 2 in 3, was extremely difficult, but was eventually accomplished in safety. This curious lake was at one time almost entirely dry, but subsequently filled again. At the north end, which was visited on this occasion, the water had again disappeared. The dried lake leaves a heavy deposit of pebbles, and during the dry season the deposit is blown about to such an extent that the sun is obscured.

In this neighborhood the travellers visited some very interesting and little known tribes, some of whom are ruled by a family entirely distinct from

BIRTHDAY DINNER FOR BRYAN.

NEWS OF THE CITY

Dr. Woodrow, "has gone on a six weeks' trip to California.

Mrs. Glavin and Mrs. LeRoy, Seventh street will not receive on Wednesday afternoon this week.

Branches of the Imperial bank have been opened at Porcupine and South Porcupine under the management of W. Howie, formerly of Gowan.

Mrs. Arthur Vockner, 718 Seventh street, will not receive on Wednesday nor again this season.

The Edmonton Builders' Exchange annual banquet will be given at the Yale Hotel on Monday evening, April 3rd, commencing at 8.30.

Mrs. H. W. Joslin, Seventh street, will not receive on Wednesday nor again this season.

A meeting of the football league will be held in the Y.M.C.A. parlors this evening at 8.30.

The "Sons of England" will give another Grandella dance on Friday the 31st in the Separate school hall, this will be the last dance of the season.

The Ladies Aid of Wesley church, Fourteenth street, are having a sale of work and all useful articles also serving lunch and home-made candy on Thursday, the 30th of March.

The interest in the special evening concert for at least one hour of the church continues unabated. A large audience was present last night. Tonight's meeting commences promptly at eight o'clock.

A telegraph message from Athabasca Landing last night conveyed the information that the river is now pronounced unsafe and traffic for the winter on the river has been abandoned.

A. Parker, charged with cattle-wounding in the district court at Lloydminster on Friday last, was discharged by Judge Taylor on the ground that sufficient evidence of the wounds having been inflicted by the accused had not been produced. The action was brought on the complaint of Jas. Murray.

In the Separate School Hall tonight a joint meeting of the Sons of Scotland in commemoration of the birth of the late Bruce. In addition to the recital by Mr. Johnson, who has won a reputation as one of Western Canada's finest reciters, there will be a musical quartet, string trio, soloists, vocal duet, highland dancing and a short address by Joseph Blair.

At meeting of the Young Men's Club executive last night it was definitely decided by the athletic committee to enter a team from this city in the Edmonton Football League.

The large membership of the club should permit of an exceptionally strong eleven being put in the field.

The question of engaging a permanent and efficient secretary for the new organization was also favorably discussed and will no doubt result in immediate action being taken in the matter.

A series of Sunday afternoon meetings have been decided upon, the first of these being announced for next Sabbath at 3 p. m. which will be addressed by Mr. Chadwick of Edmonton.

A Negro Case Up Today
It is likely that there are cases pending in police circles will be up for hearing this forenoon before Magistrate Downes.

The young girl, Marie Simpson, who was brought to the city last Friday night by Chief Robinson, has been in the hands of Superintendent Gladstone for the past few days and it is thought he will have some recommendation to make the court this morning regarding the action to be taken in the case.

Upon the result of the investigation now being carried on by Mr. Chadwick will probably hang the fate of the brother-in-law of the girl, the young negro named Haden, whom the father is said to have charged with a very serious offense. Haden was brought up for preliminary hearing Saturday, but was remanded until this morning. The case appears to be a badly, if not badly, mixed-up family affair.

Strathcona Locals
Mr. David Fraser, government boiler inspector, of this city, was yesterday morning to hold examinations for engineers in several points down the G. T. P.

After spending three months in a visit to his old home in the north of Scotland, Mr. T. S. Young of the Plumstead staff, returned to Strathcona last Saturday evening. He was accompanied to this city by Wm. Irwin of Dundee, Scotland, who will probably accept a position here.

The new telephone directories supplied by the provincial department are now being distributed through the city.

Two young men named Swartz and Baxter were taken in tow by the chief of police yesterday afternoon as a sequel to some furious driving stunts performed on Whyte avenue west with a horse and buggy. The lads will likely come up before Magistrate Downes this morning for a hearing.

Messrs. G. Hissett and S. Hissett of Goderich, Ont., returned home yesterday afternoon after spending a few days in the city attending the funeral of their brother, the late Robert Hissett.

Preliminary work was begun yesterday upon the new Bijou Theatre building on Whyte avenue west. The efforts of the contractor being directed to throwing out the ground with burning piles of brush and slack in preparation for the excavating work.

Mr. Elin Wilson is the contractor on excavating.

NINETEEN CASES BEFORE SUPREME COURT IN BANC.
Nineteen cases are down for trial before the Supreme Court of appeals of Alberta, which opened its sittings this morning. There were on the bench, Chief Justice Harvey and Justices Scott, Stuart, Leck and Simmons.

The greater part of the morning was taken up by the hearing of motions. Mr. Dixon, of Robertson, Dickson, and McDaniel, moved for an order directing that the appeal of the city in respect to the dismissal charges of selling liquor without a license, be referred against Robert Hurry, cannot be made. Decision was reserved by the court.

During the present sittings of the criminal court, Joseph Smith will also come up on a charge of attempting to steal. It is alleged that the accused was caught in act of ransacking the trousers pockets of a friend who was lying in his room at the St. James Hotel, in a drunken condition. Smith pleaded not guilty when arraigned in court this morning.

Jas. Hineley, charged with forging a G. T. P. time cheque for \$29, will also come up for trial at the present court. He pleaded not guilty this morning.

CONTRACTORS ARE WORKING OVERTIME

Rushing Construction on Piers In Order to Complete Before Ice in River Breaks Up

Strathcona, March 21.—With warm weather coming the Saskatchewan with water the interest of citizens is keenly attracted this week to the close race that is being fought by the contractors on the river and the rapidly melting ice. Both the civic intake work and the high level bridge work are now dependent upon the break-up of the river and although both undertakings are now nearing the stage where a layman in the ice would not seriously effect them that stage is yet some days distant and in the meantime the sun is making serious inroads on the arctic covering on the stream.

The city department are driving the last funnel on the intake line at the river front. It is probable that the work of connecting the wells with the intake can be completed by the end of the week. The work of connecting the wells with the intake can be completed by the end of the week.

A rebuilding of efforts on the high level bridge pier work will probably win out against the spring thaw. With all the construction work centered on the river pier work, it now seems assured that the contractors will complete the concrete part of the undertaking in time to remove the machinery from the ice. Since last Friday the pier has been taken to an elevation above the present water line and yesterday cement mixers were put to work on both sides of the stream and cars are now carrying the material in at a very rapid rate on the tracks that extend to both banks. The cooler weather of last night gives the contractor a firmer grip on the situation and every indication that the pier will be finished before the ice breaks.

At meeting of the Young Men's Club executive last night it was definitely decided by the athletic committee to enter a team from this city in the Edmonton Football League.

The large membership of the club should permit of an exceptionally strong eleven being put in the field.

The question of engaging a permanent and efficient secretary for the new organization was also favorably discussed and will no doubt result in immediate action being taken in the matter.

A series of Sunday afternoon meetings have been decided upon, the first of these being announced for next Sabbath at 3 p. m. which will be addressed by Mr. Chadwick of Edmonton.

A Negro Case Up Today

HOTEL MAN FINED FIFTY AND COSTS

Found Guilty of Leaving Barroom Door Unlocked on Saturday Evening, After Closing Time.

Fifty dollars and costs was the price paid in the police court this morning by Wm. Cameron, proprietor of the Brunswick Hotel, as penalty for leaving the bar door of his barroom unlocked on Saturday evening after closing hours.

The prosecution was conducted by the province, and W. H. Cooper, license inspector.

The charge was that on Saturday evening Mr. Cameron had left his barroom door unlocked, and, after closing hours, the defendant admitted that the barroom had been open after hours, but said that no liquor was sold.

It was not open for the purpose of selling liquor.

Mr. Hudd, prosecuting for the liquor license department, read from the statute to the effect that the presence in a barroom of a person other than a member of the proprietor's family, after closing hours, was a breach of the law.

The defendant admitted that the barroom had been open after hours, but said that no liquor was sold.

It was not open for the purpose of selling liquor.

CITY COMMISSIONERS TAKE UP WAGE QUESTION

Alleged that Laborers on High Level Bridge Work Are Not Getting Proper Wages.

In accordance with the request of the Trades and Labor Council, the city commissioners will take up with the G. T. P. and the high level bridge contractors, the question of the wages to be paid to the laborers on the bridge work.

The matter was brought to the attention of the council by the Trades and Labor Council some time ago. It was alleged that the laborers on the bridge work were not getting the regular scale of wages and the council were asked to take the matter up. It is understood that the bridge laborers are only getting from 20 to 22 cents per hour, whereas the regular scale is 25 cents.

The fair wage clause has also been inserted in all civic contracts, and this course will be continued by the city, according to the letter written to the Trades and Labor Council by Secretary Crosskill of the city. The following is the letter sent to the Trades Council by Secretary Crosskill.

T. H. Clark, Esq., Secretary, Trades and Labor Council, Edmonton.

Dear Sir:—

I beg to inform you that your letter of 11th inst. re Fair Wage Clause in civic contracts and enclosing copy of clauses from the Winnipeg Fair Wage Schedule, was duly presented to the City Council at a meeting held yesterday evening, and I am now instructed to advise you that the Fair Wage Clause is inserted in all civic contracts which procure it is the intention of the Council to continue.

In regard to conditions prevailing at the G. T. P. High Level Bridge, the Council record very much to the effect that as you state and the Commissioners have been instructed to take up the matter with the G. T. P. Co. and the Contractor to find out whether or not anything can be done to remedy conditions and endeavor to induce them to pay a fair wage the same as that paid by other employees of labor in the City.

Yours truly,
F. M. G. Crosskill, Secretary, Treasurer, City of Edmonton.

WILL BREAK ALL RECORDS. ALL RECORDS.

Calgary, March 21.—Bringing tidings of an immigration invasion into Canada that will swamp the provinces of the west, C. B. Foster, of Winnipeg, general passenger agent for the C. P. R., reached the city this morning in a regular visit. He said that during March and April the swarms of immigrants from Europe will be at the rate of from six hundred to one thousand a day, pouring into Western Canada.

"So far the immigration figures have been far heavier than last year," Mr. Foster stated. "The greater number of these immigrants are for the prairie provinces, although a good many go to British Columbia."
